Phil Ting – San Francisco City Tax Assessor addresses: Zephyr Real Estate Agent’s Meeting: Wednesday, May 13, 2009

Phil Ting our San Francisco City Assessor describes his department as took on the job to help reform the department and brings it into the 21st century. His approach was quite affable. He sincerely expresses his interest in helping property owners get a fair shake.

We acknowledge his approach on both enforcement and attempt to make a difference in government. His exuberance during this informal presentation exemplified a sense of fairness and compassion towards the tax payer and the City.

At Zephyr Real Estate we have the agents and know-how to assist YOU even after you’ve purchased your property.
